

# Accelerating Experience

## UK's Leading Management Consultants Awards 2019

---

We're delighted to announce that Accelerating Experience has been included in this year's **FT UK's Leading Management Consultants Awards**

featuring in two categories:

- **People and Performance** and
- **Organisation and Change**.

These Awards are based on both client and peer recommendations, so we are especially gratified to receive this news. We'd like to thank everyone who's been part of this shared success.

We are very encouraged because they prove that what we do has prompted Clients to endorse the benefits we bring and request our support in additional assignments.

Never in recent times have there been greater pressures on business leaders, with the need to break out of low-level management behaviours. Creating high performing Executive teams and organisations makes the difference, especially in finding new ways to get the best out of all their people. That's what we do.

It's a business winning strategy for all organisations with a huge prize.

Accelerating Experience is an award-winning Business Performance and Leadership Consultancy.

Our network of consultants combines high level business leadership experience with an uncompromising focus on driving tangible value creation. Taking a tailored, mentoring approach to every client relationship, we work with leadership teams large and small to improve organisational performance in a way that lasts. With clients in international organisations, major partnerships and private equity backed companies, we've helped to create extra value in the 100s of £ millions.
